A detailed line drawing of a mechanical assembly, likely a pump or engine component, shown in an isometric view. The assembly is mounted on a base with four feet. It features a central vertical shaft with a flywheel on the left side. A connecting rod is attached to the bottom of the shaft, and a crankshaft is visible at the base. Various other components, including a valve mechanism and a piston, are shown in their relative positions. The drawing is a technical illustration, likely for a patent application or a technical manual.

Bij droog weer moeten alle bouten en schroeven opnieuw aangespannen worden.
Par temps sec il faut resserrer régulièrement toute la visserie.
By dry and warm weather check the tightness of all bolts and screws.
Bei trockenem Wetter müssen alle Schrauben und Bolzen aufs neue angespannt werden.
Para el tiempo seco, se necesita cerrar o ajustar los tornillos y tuercas.
Con tempo asciutto, tutti i bulloni e le viti devono essere avvitati nuovamente.
