Maximum fall height 0,95 m
Security zone 35m²
Number of children 16
Concrete required
No surface fixation available

Materials

Type of wood: robinia and larch
Parts painted with ecological waterborne paints
Stainless steel slide
Padouk climbing grips

Product Description

Playground equipment for the little ones, from 2 to 6 years old, made out of robinia and larch wood. The hunters tower has 1 large elevated platform on a height of 95 cm which is partly covered by a roof. The platform can be reached by means of an easy stair or climbing wall with padouk climbing grips. The children can leave the tower via the stainless steel slide. Underneath the elevated platform is a playhouse with floor. A fireman's pole (ref. RO008) can be added optionally to the hunters tower. Using ecological paint, green, playful accents are added. The playground equipment is delivered partly preassembled.
